

## **EVOLUTION - THE NEW BREED OF ELECTRONIC POP (CMCD1001)**

Welcome to the first of what we hope will be a long line of quality electronic pop releases from Coahaagen Music ([www.cohaagen.com](http://www.cohaagen.com)). We are a new American label devoted to bringing you the best electropop that the modern scene has to offer, of which the music on this CD is a good representation.

This album represents the "new breed" of electronic pop, featuring many of today's rising synthpop stars from around the globe as well as some new bands that will be making their presence felt in the near future. The tracks here illustrate the great variety the genre has to offer, ranging from melancholy to uplifting in mood, laid-back to energetic in tempo, and retro to modern in sound. The common elements are that all of the songs we selected for this release are exclusive, original, and of the highest quality.

The CD's street date is March 12, 2002. *Evolution* is distributed by Ninthwave Records ([www.ninthwaverecords.com](http://www.ninthwaverecords.com)) and is available from A Different Drum, Amazon, Metropolis, and wherever fine synthpop is sold. The suggested retail price is \$12.99. For more information or to feature Coahaagen Music in your publication, contact us at [info@cohaagen.com](mailto:info@cohaagen.com).
